## Description of Incident

---

**Provide a description of the incident and how you (or those you are filling this out on behalf of) were victimized. Provide information not captured elsewhere in this complaint form:**

I went to Catholic Health for a poisoning incident and required toxicology testing. The discharge papers state that I was seen by a doctor named Monique Mirshak, but I never actually saw this doctor. I strongly believe health insurance fraud has occurred because a doctor is claiming to have provided medical services that were never performed and is billing my insurance for them. Furthermore, the hospital committed misconduct by failing to provide proper treatment or services regarding the poisoning incident. I was administered medication via IV by a nurse, but a doctor did not verify the decision.

Here is the MRN (Medical Record Number) number attached to the discharge paper: 286212675

## Other Information

---

**If an email was used in this incident, please provide a copy of the entire email including full email headers.**

Discharge paper states I've seen a doctor name Monique Mirshak, MD. However I've never seen this person. I believe health insurance fraud is taking place.

**Are there any other witnesses or persons affected by this incident?**

I am the only person as the patient not treated by a doctor during the incident, yet on my discharge paper it states I've seen a doctor when I actually haven't.

**If you have reported this incident to other law enforcement or government agencies, please provide the name, phone number, email, date reported, report number, etc.**
